SummerWorks 2020
COVID-19 Response

Hello Friends of SummerWorks,

Due to the COVID-19 pandemic, SummerWorks 2020 services will start later than originally planned. Our original “kick-off” date of April 6, 2020 has been postponed. We are delaying the start of the program until we are able to better assess the health and economic impacts of the COVID-19 pandemic. While we are unable to tell you the exact start date, we’re confident there will be a SummerWorks program later this summer.

We will post weekly updates on this page and via social media to share new developments.

Your patience and partnership are most appreciated!

- Barb Timper, Youth Services Manager

Updates

3 APRIL 2020
We are continuing to work behind the scenes to get ready for this summer. We are researching ways to offer the required SummerWorks Orientation in a virtual format. We are recruiting worksites for our youth, with close to 250 worksites confirmed. We are partnering with schools and community organizations to identify the youth who would benefit from SummerWorks the most. Our website, application, and training classes have all been updated to reflect the feedback we’ve received to date.

16 APRIL 2020
We have been busy developing a virtual SummerWorks Orientation and identifying worksites that still can safely host youth by following social distancing requirements and protective guidelines.
